

R-Rcal values for different  $\phi$  for particles simulated with polar angle  $\frac{\pi}{3}$  and  $P_{30} = 1\text{GeV}$

R-Rcal values for different  $\phi$  for particles simulated with polar angle  $\frac{\pi}{3}$  and  $P_{30} = 1\text{GeV}$

R-Rcal values for different  $\phi$  for particles simulated with polar angle  $\frac{\pi}{3}$  and  $P_{30} = 1\text{GeV}$

C2D values for different  $\phi$  for particles simulated with polar angle  $\frac{\pi}{3}$  and  $P_{30} = 1\text{GeV}$
